The Adventures of Rascal Blaze

National Treasure × Redwall — a middle-grade fantasy adventure

By Jon Reynolds

ABOUT THE BOOK

Rascal Blaze has read about a thousand adventures. He's never had one. A timid young rat in the underground world of Whiskerburrow, Rascal would rather spend the evening with dandelion tea and a good book than face any real danger — until a flash of violet light in the alley leads him to a mysterious locket bearing his family's crest. With his loyal best friend Peri, a paranoid researcher, and a rogue adventurer with a secret, Rascal follows the locket's trail toward the lost city of Durendal — and the truth about his missing father.
